Forecast for Friday 24 Feb 2023

Weather: Cloudy overnight with outbreaks of mainly light rain. Rain clearing soon after dawn with cloud then breaking to leave a mainly dry day with sunny spells, just the odd wintry shower possible especially across eastern hills. Mainly dry through the evening with some long clear spells.

Chance of cloud-free hill tops above 600m: Little chance at first soon improving to 75% then close to 100% in the afternoon.

Low Cloud and visibility: Periods or persistent above about 450-600m soon becoming more occasional above 600m then largely lifting above the summits by midday. Away from cloud, visibility several kilometres in early rain soon becoming very good or excellent, falling only briefly in any showers.
